WILLS'S CIGARETTES

Santos-Dumont's Aeroplane Motor.

In 1906 M. Santos-Dumont built a small flying machine fitted with an Antoinette motor, and on August 22nd he made the first flight in Europe to be officially recorded. On Oct. 23rd he made a flight of 25 metres, and on Nov. 12th succeeded in flying 200 metres, winning the prize offered for the first flight of 100 metres.
